**Dr. Urman honored again as one of the Best Doctors in Los Angeles:**  
(December, 2010) Dr. Urman is listed in the “Super Doctors” section of *Los Angeles Magazine* for the third consecutive time (December 2008, January 2010 and January 2011 issues).

These top physicians were selected by their peers (approximately 30,000 doctors) and Dr. Urman was chosen as one of the best cardiologists in Southern California for the second consecutive time. Key Professional Media, a polling and research company, surveyed medical doctors to "identify medical professionals who have attained a high degree of peer recognition and professional achievement." The results are then run through a rigorous screening process involving a blue ribbon panel which reviews results and makes recommendations, and verification controls exist at all times to prevent manipulation and ensure data accuracy. (See the [Super Doctors web site](#) for details on the selection process.)

Top Doc Los Angeles, 2011: In addition, Dr. Urman was selected to the “Top Doctors and Dentists, The Best in LA Medicine” list, a list that Top Doc Los Angeles has determined to be in the top 10 percent of the region’s Doctors and Dentists.
