[www.MarkUrmanMD.com](http://www.MarkUrmanMD.com)

Welcome to our office!

Dr. Caren and Dr. Urman are specialists in Internal Medicine and Cardiology. If you are here for a consultation, you probably have been referred to us by your own family doctor or internist. When we have finished our examination we will return you to your doctor and send him or her a complete report with our recommendations for treatment. When acting as consultants we usually see the more difficult or complex cases; those in which your doctor wants an independent specialist's opinion. Our evaluation is based on a complete review of available medical records and x-rays, history, physical examination and any new tests and/or procedures that may be necessary to arrive at that opinion. At times, your physician will want us to periodically reassess your condition.

Most of our services and tests will generally be covered by your insurance *to the extent that your specific plan specifies*. If you still have questions, please feel free to discuss our fees with our office manager, Ms. Gwen Owens, or our bookkeeper, Ms. Anoush Ketsoyan before the consultation or initial visit. Our fee schedule is based on the time we spend (both with you as well as any review of old records) and the complexity of the case. If special procedures or laboratory tests are necessary, extra fees will be charged for those services (and your insurance billed). Our bookkeeper will be happy to assist you with questions regarding fees, insurance or billing matters.

With your permission, we will send a copy of your medical record to any doctor you may wish to see.

Please try to make calls to us during the hours of 8:45 am to 5 pm Monday through Friday. Please be advised that we cannot treat a patient for an extended period by telephone. When we are not in the office our telephone voice mail will respond to your call. Please listen carefully to the instructions given.

We make no charge for brief, routine phone calls or filling prescriptions during office hours. We ask that these calls not be made at night or on weekends. Pharmacies or discount medication programs *must call, fax or send to us their requests*. Proper medical care means that certain prescriptions cannot be indefinitely refilled without reevaluation in person here in our office at whatever time-period your condition dictates.

If, at any time, you would like a second formal opinion regarding your condition, please do not hesitate to ask. We will offer you the names of competent cardiologists in your area and furnish them with our records.

We encourage you, during office visits, to ask for a full explanation of your medical problems. Do not leave with unanswered questions. You have a complete right to ask for all that we can answer concerning your condition.

COR Medical Group, Inc.

Welcome to our practice!

The following patient registration information sheet and health history questionnaire are being sent to you prior to your appointment so that you may take the necessary time to fully complete these forms. One of the most important parts of the medical record your doctor keeps about you is a health history concerning your past and present health problems, and any personal information which might affect the state of your health. Your answers will be treated confidentially as will all parts of your upcoming visit.

Please return this questionnaire to your doctor or to the doctor's nurse or assistant when you come for your appointment. Take all the time you need to complete this questionnaire. Answer each question as best you can by filling in the information asked for or by putting an "X" or "✓" in the appropriate space. Choose the answer to each question which in your mind comes closest to applying to you.

If there is any question you have difficulty answering, do not worry and just circle the question. You can discuss it with the doctor when you return the questionnaire. Be sure to bring it with you so that you and the doctor can go over your answers during your appointment within a confidential setting. The questionnaire is not intended to be a substitute for your doctor spending time with you. Completing the forms as fully as you possibly can will allow the doctor to spend *more* time with you on subjects that both you and he feel are most important. In addition, it will allow the doctor to spend *more* time with you getting to know you personally.

**DO NOT FORGET:**

- Bring your *insurance card* and any other third-party payor information with you to our office.
- Bring the completed *patient registration* information sheet and *health history questionnaire* with you to our office at the time of your appointment.
- Bring any old or *prior medical records* that you can or arrange to have them sent to us prior to your appointment. This is especially *important* if you are seeing the doctor in consultation or in second opinion.

[PLACE COPY OF CARD(S) HERE]

**AUTHORIZATION TO PAY PHYSICIAN**

I hereby assign all medical benefits, to include major medical benefits to which I am entitled (i.e., I authorize my insurance provider to pay directly to the physician responsible for my care), to: COR Medical Group, Inc. (including Jeffrey F. Caren, M.D., and/or Mark K. Urman, M.D.). I understand that if Mark K. Urman, M.D. or Jeffrey F. Caren, M.D. are not contracted providers of my medical insurance company, COR Medical Group, Inc. will bill my insurance company for out-of-network benefits (where applicable) as a courtesy. This assignment will remain in effect until revoked by me in writing. A photocopy of this original assignment is to be considered as valid as an original. I understand that I am fully responsible for any amount or balance due after insurance payment is made for this claim (or any non-covered services made known to me prior to treatment) by the insurance company. I specifically understand that even if I have insurance coverage, I am responsible for payment of services. I further agree in the event of non-payment, to bear the cost of collection, and/or court cost and reasonable legal fees should this be required. I hereby authorize the doctor/medical group to release to the above named insurance carrier or company, any and all necessary information and/or records relating to services rendered to me during the period of treatment.

To Our Patients:

This notice describes how health information about you as a patient in our practice may be used and disclosed, and how you can get access to your records. This is required by the Privacy Regulations created as a result of the Health Insurance Portability and Accountability Act of 1996. (HIPPA).

The law requires COR Medical Group, Inc. to provide you with the following important information:

**I. Disclosure of Your Health Information in Special Circumstances:**

1. 1. We must disclose records for lawsuits and similar proceedings in response to court or administrative order.
2. 2. We must disclose records if required to do so by a law enforcement official
3. 3. We must disclose records if required by the appropriate authorities if you are a member of the military (including veterans).
4. 4. We must disclose records to federal officials for intelligence and national security activities as authorized by law.
5. 5. We must disclose records to correctional institutions or law enforcement officials if you are under the custody of law enforcement official.
6. 6. We must disclose records for workers compensation and similar programs.

**II. Your Right Regarding Your Health Information:**

1. 1. Communications - You can request that COR Medical Group, Inc. communicate with you about your health and related issues in a particular manner or a certain location. For instance, you may ask that we contact you at home, rather than work. We will accommodate reasonable requests.
2. 2. You can request a restriction in our use or disclosure of your health information for treatment, payment or health care operations. Additionally, you have the right to request that we restrict our disclosure of your records to only certain individuals involved in your care of the payment for your care, such as family members and friends. We are not required to agree to your request; however, if we do agree, we are bound by our agreement except when otherwise required by law, in emergencies, or when the information is necessary to threat you.

You have the right to inspect and obtain a copy of your records that may be used to make decisions about you, including billing records. You must submit your request in writing to:

Dr. Jeffrey Caren or Dr. Mark Urman  
8635 West Third Street  
Suite 890 West  
Los Angeles, CA 90048

You may fax your request to (310) 659-0664, or you may verbally request copies of your records while in the office. COR Medical Group has 30 days to respond to your request for copies.

You may ask us to amend your health information if you believe it is incorrect or incomplete, and as long as the information is kept by or for our practice. To request an amendment, your request must be in writing and submitted to either doctor. In your written request you must provide the doctors with a reason that supports your request for amendment. COR Medical Group, Inc. has 60 days to respond.

Health Information Notice

1. You are entitled to receive a copy of this Notice of Privacy Practices. You may ask us to give you a copy, which we will have on hand at our front desk.
2. You have the right to file a complaint. If you believe your privacy rights have been violated, you may file a complaint with our practice or with the Secretary of the Department of Health and Human Services. To file a complaint with our practice, contact either Dr. Jeffrey Caren or Mark Urman. All complaints must be submitted in writing you will not be penalized for filing a complaint.
3. You have the right to provide an authorization for other uses and disclosures. COR Medical Group, Inc. will obtain your written authorization for uses that are not identified by this notice or permitted by applicable law.

I hereby acknowledge that I have been presented with a copy of COR Medical Group's Notice of Privacy Practices.

## **OFFICE FINANCIAL POLICY**

Thank you for choosing our office and cardiologists. We are committed to personalized care to help achieve the best heart health possible for you. We hope you understand that payment of your bill is considered part of your evaluation and treatment. The following is a statement of our financial policy which we require you read, agree to, and sign, prior to any treatment. This financial policy applies to all services rendered by or supervised by our doctors in our office or during any hospitalization involving our doctors' care.

It is our policy that the patient, rather than the insurance company, is responsible for complete payment of our charges. All patients with insurance coverage are required to pay for non-covered services or charges, any deductible amount not previously met and any co-pay amount due, at the time services are rendered. For patients with dual insurance coverage, we will bill both the primary and secondary insurance if you have provided us with the necessary information.

Patients insured with plans which we are NOT contracted with will be required to pay for the first visit in full at the time services have been rendered. For any follow-up visits you will need to pay for the doctor's evaluation and management services in full. For some testing, a minimum of 50% initial payment will be required at the time services are rendered but any balance remaining after we have billed your insurance company will be your responsibility and due immediately after we notify you. Please speak to our billing staff to make specific arrangements.

If you are insured with a plan which we ARE contracted with (including Medicare), you will need to pay for any non-covered services, any outstanding deductible and your co-pay amount, at the time of each visit.

Patients with no insurance coverage are expected to pay for services at the time services are rendered.

Failure to make payment arrangements, or pay outstanding balances within 60 days of notification of amount due, may result in sending your bill to a collection agency which likely will affect your credit score.

Our accepted methods of payment are cash, Visa, MasterCard, American Express or check. If requested, a short payment schedule may be arranged for those patients who have special financial conditions.

As a courtesy, we try to research your specific insurance policy's coverage and estimate what will and won't be covered as best as possible. However, it is the patient's responsibility to verify their benefits for their particular plan and to make sure all the proper authorizations have been obtained. Likewise, we cannot guarantee that medical insurance companies will pay exactly as we have estimated in advance. Some insurance plans reduce benefits if the insured is being treated by doctors outside of the designated network or the proper authorizations have not been obtained.

Again, thank you for trusting us with your care. If you have any questions regarding financial responsibilities or payment options, please contact our insurance / billing department.

**“I have read, understand and agree to the provisions of this policy.”**

## **Prescription Refill Policy**

To Our Patients:

We want to help you with your prescription refills. In our office, we have numerous calls and faxes throughout the day from pharmacies for our patients' prescription needs.

So that we are able to get medications you need in a timely fashion, here are some things you can do to work with us.

1.      ***Watch your medication dates*** – ask for your refills two to four business days before they run out (or several weeks if sending away for your prescriptions).

Plan ahead! Last minute requests can cause problems for you.

2.      ***Please call your pharmacy directly*** to ask for refills. We can only accept fax requests from pharmacies to ensure accuracy of your prescriptions. We need to hear from them as we cannot routinely call them.
3.      ***Ask pharmacies to fax us your request.*** We will return your approvals within **two (2) business days**. Thus, please anticipate when your medications will run out and plan accordingly.
4.      ***Please try not to go to the pharmacy and wait for them to call us*** for a refill approval without two business days' advance notice. If your doctor is not available, you may not get immediate service on routine refill requests.

NOTE: We strongly recommend that you ask your pharmacy to fax us requests immediately after you inform them of the need and then confirm with the pharmacy that your prescription is ready. We cannot be responsible for pharmacies that themselves wait until the last minute to fax us requests.

Effective January 1, 2003

## **Appointment Cancellation Policy**

How many times have you attempted to schedule an appointment with your doctor (or a test in the office), only to find out that his schedule is full?

Increasingly, many patients are unable to keep scheduled appointments without calling us or canceling. This problem decreases our ability to see patients like you, when you need to see your doctor urgently.

If you need to reschedule or cancel an appointment, we certainly will understand, but please kindly **notify us at least 24 hours in advance** to avoid an administrative fee.

This policy applies to all appointments to see your doctor or for an in-office test.

Remember that a no show/no call appointment takes an opportunity away from those who need to see their doctor or have a test done urgently. And maybe next time, that will be you.

Thank you in advance for your cooperation.

Jeffrey F. Caren, MD, FACC  
Mark K. Urman, MD, FACC, FASE

Diplomates American Board of Internal Medicine & Cardiovascular Diseases

Cedars-Sinai Medical Office Towers  
8635 West Third Street, Suite 890W  
Los Angeles, California 90048  
310.659.0715

## Location, Directions, Maps and Parking

The offices of Drs. Jeffrey Caren and Mark Urman are located in 8635 West Third Street (the West Office Tower of The Cedars-Sinai Medical Office Towers) in Los Angeles adjacent to Cedars-Sinai Medical Center and near the Beverly Center and Beverly Hills. The main office is in Suite 890W and patients are also sometimes seen, tested or evaluated in Suite 355W.

Parking is available off of George Burns Road and (as of July 2009) costs \$1.95 per 15 minutes with a maximum of \$13.65. Please read posted signs for up-to-date cost. We do not validate.

**COR Medical Group, Inc.**  
**(The offices of Dr. Jeffrey Caren and Dr. Mark Urman)**  
**Cedars-Sinai Medical Office Towers**  
**8635 West Third Street**  
**Suite 890W**  
**Los Angeles, CA 90048**  
**Tel: (310) 659-0714**

You may also park 2 – 3 blocks away at the **Beverly Center** (as of July 2009 - please check the latest rates), self-parking rates are: \$1.00 per hour for the first 4 hours, \$2.00 each additional hour and \$ 10.00 maximum.

Parking is also available on surrounding city streets, most of which is meter parking. We advise that you carefully read posted signs. However, we do not recommend street meter parking for your first visit. As the doctors do want to make sure they can thoroughly review your history and spend time with you, depending on the complexity of your medical history and case, be prepared to spend at least two hours in our office during your first visit.

As we all know, traffic can be challenging in Southern California. Please allow adequate driving time depending on traffic conditions to be able to arrive in plenty of time including finding parking. After all, if you are in a big rush to your appointment, your blood pressure might be higher when the doctor sees you!
