

Dr. Urman honored as one of the Top Doctors in Los Angeles:
(December 1, 2008) Dr. Urman was featured in the “Super Doctors” section of the December 2008 issue of *Los Angeles* magazine.

These top physicians were selected by their peers (approximately 30,000 doctors) and Dr. Urman was chosen as one of the best cardiologists in Southern California. Key Professional Media, a polling and research company, surveyed medical doctors to "identify medical professionals who have attained a high degree of peer recognition and professional achievement." The results are then run through a rigorous screening process involving a blue ribbon panel which reviews results and makes recommendations, and verification controls exist at all times to prevent manipulation and ensure data accuracy.
